The barndominium was constructed in 2019 and can serve as that weekend “cabin” or permanent residence! Stained concrete floors, a gas fireplace, granite countertops, a tankless water heater, central heat and air, and whirlpool appliances are just some of the attractive features. The master bedroom and two full baths are on the first level while a loft and another full bath are upstairs. There is plenty of room for guests with the loft comfortably holding five beds! Store your tools and equipment in the insulated garage with a roll up door. When the weather allows, enjoy sitting under the covered porch overlooking the pond in the backyard.
