MORE ABOUT THE HUMPHREYS 38

The remaining acreage is mixed hardwoods. Upon initial inspection, this property was covered with deer trails and tracks! Agriculture fields encompass the property, allowing the whitetail to feed on high-protein crops throughout the summer.

The 1,400± square foot house is a great addition to the hunting land. With three bedrooms and one bathroom, this is a perfect place to rest after a day in the woods. A small carport exists, and a nice backyard offers a spot for family gatherings or a place for a small shed.

Whether your goals are to find a quiet homestead or for recreational enjoyment, be sure to see what all the Humphreys 38 has to offer!
