# MORE ABOUT 2177 HIGHWAY 270

Enjoy panoramic views from nearly every room in the home. A large open living area with a wood-burning fireplace is at the heart of the house, perfect for relaxing, entertaining, or hosting family gatherings, and it provides convenient flow to the kitchen, deck, and the remainder of the home. The primary suite combines a place to unwind in a relaxing, well-lit bedroom with an ensuite offering a custom tile shower, an expansive walk-in closet and dressing space. Quartz countertops, tile floors, floating shelves, and floor-to-ceiling linen cabinetry complete the spa-like space. The second bathroom, servicing guests and the other two bedrooms, has clean lines, a pedestal sink, and a shower/tub combo. Currently, the third bedroom is set up as a home office but could be reconfigured. Just off the entryway are storage closets and a large room serving as the pantry and laundry room.

In addition to the primary home, this property features a 458± square foot cottage with its own electric service. Built in 2022, the one-bedroom, one-bath cottage has served as an income-producing Airbnb. You will find birch wood flooring throughout, a full kitchen with subway tile backsplash and open wood shelving, custom wood ceilings, a barn door, a coffee bar, and a washer and dryer, and to top it off, it faces one of the most beautiful views on the property! Sit on the front porch or the outdoor seating area around the firepit and take in the magnificent views. Use the cottage for an additional home, as a short-term rental, or for family and guests. The main home and cottage share a well and septic.

# MORE ABOUT 2177 HIGHWAY 270

Additionally, this property includes an established flower farm. Peck and Petal Farm currently produces bloom stock for local florists and consists of over 500 peony plants in production, offering income within a local established market. (You can find this business on Instagram under @peckandpetalfarms.) Double your production every three years by dividing the plants. Peonies are drought-tolerant, heirloom plants in high demand for their blooms by local florists, and they can be shipped. The new owner can take over this established farm with a low labor demand, as the typical season only requires about six weeks of work. Also included is a flower shed with electricity and a flower cooler, making the flower farm basically turnkey. A workshop and storage shed are nearby for storing supplies and tools.

The property is landscaped with perennials, including a David Austin rose garden, peach trees, and other mature and established plants, adding to the charm of the cottage and home. There is an established vegetable garden spot and two adorable chicken coops with runs. The chickens provide buckets of eggs each day, and the current owner supplies Airbnb guests with fresh eggs during their stay.

# MORE ABOUT 2177 HIGHWAY 270

The remodeling is nearly complete; however, building materials, paint, and other supplies will remain with the home. There is abundant storage under the deck that leads to a walk-out basement, which is accessible from the outside and is big enough to store the farm tractor and implements as well as offering secure storage or root cellar space.

Expand your exploration; from your 15± wooded acres, you have direct access to walk into the forest for hiking and hunting. Or drive your ATV down to the highway, park, and walk directly into the Blackfork Mountain Wilderness. This area is known for whitetail deer, turkey, and bear. In addition to the Ouachita National Forest, other hiking trails are nearby. Take the short drive up the mountain and enjoy breakfast or dinner at Queen Wilhelmina State Park Restaurant, ride the Glory Train, or just enjoy the cooler temperatures at the second-highest peak in Arkansas. The road to the restaurant and lodge is known as the Talimena Scenic Byway and will take you to Oklahoma in a matter of minutes.
